

Subject Preferences – Senior School for 2018 (Return to Mrs Bray)

Student Name: _____

It is our desire to offer as many courses of study as possible. The availability of staff, teaching resources and most importantly the number of students enrolling in a course will determine if a course of study is provided. Just because we desire to offer a course, or students desire to complete a course, does not guarantee the course will be offered.

In making selections students need to consider what they can achieve well in and what is a pre-requisite for future employment & / or study.

Students, please ensure you read our subject handbook before making selections and ask questions early to clarify any matters.

Subject Preferences – number in order of preference. You must number every box.

(1 = most preferred)

Core:
